"Way and Means of Deepening the Spiritual Life of Our Lutheran League" was the main topic Thursday evening and Friday, when Priebe was the guest of the Commission on Young People of the American Lutheran conference.

The Rev. Museum---Discard Or Renovate

Now is the time to decide what to do about a museum on our campus. We have a large number of excellent specimens. At present they are stored in the attic of Old Main, collecting dust and of no use to the various departments that could make good use of them.

Many of these specimens were donated by alumni and friends of the college; the remainder were sent here when the American Lutheran church consolidated other of the midwest colleges.

The museum was valuable in the past and could be now if proper steps were taken to restore it. Many of the valuable specimens are going to ruin through lack of care; however, the largest number are in good condition. Especially valuable are those items sent here by our missionaries in New Guinea, representing all phases of life in that land.

Should we give these valuable collections to some other college or university? Shall we permit them to go to ruin? Can we restore the museum and make a valuable addition to the college? The majority of the students expressing their opinions believe this can be done.

Since a museum is not included in the future plans of the college, could not the students of the college make it their project next semester to renovate the attic of Old Main and make it a fit place to house the museum? With special emphasis on the New Guinea specimens, the museum could be dedicated to those missionaries who gave their lives for the Church in World War II.

World Views By Grelling

Nationalists Collapse

In the last few weeks the situation in China has been steadily deteriorating until today any hope on the part of the Nationalist Government to check the advance of the Communist troops must be considered futile. The government has been forced to retreat and encircled and virtually annihilated in a large portion of South China. The city itself has surrendered as have Peiping, Tientsin, and Nanking. The government is hastily leaving Nanking for cities farther south and is moving to Formosa. Nothing short of a miracle could now reverse the tide and put Chiang's government in a position to resume the initiative.

Taking the above facts into consideration, one may realize that the days of the Generalissimo's government are numbered. Any effort on his part to prolong the war can only result in additional misery and suffering. He has been forced to a point where it is imperative for Chiang to resign in order to end the war for peace parleys. The Communists will never consider combat with any government headed by Chiang, for which no one can seriously expect them.

The peace feelings extended by the government of Nanking during the last few weeks were a mockery of the word peace. They demanded that the Communist forces lay down their arms and abandon all territory so far conquered. It must be obvious to anyone that this is the final and complete victory in sight. Chiang would never agree to such terms. He would be forced at all costs to the national troops who will be asked to lay down the arms and the Nanking government will have to abandon all claim to authority. These are the only terms under which the Communists are willing to negotiate, and the Nationalists are in no position to argue.

No matter how hard the terms, a peace treaty now will be infinitely preferable to any treaty that the Communists have occupied all of China. The Nationalists have been defeated and the only constructive contribution they can now make to their country is to seek for peace because China is completely exhausted. It is a case of peace today or starvation and anarchy tomorrow.

Tops On Series In Study, Pix

By Omar Bonderup

Top in photography and nature study were on the Art Series program Monday evening when Cleveland and Ruth Grant, National bird and big game lecturer, spoke at the Waverly high school auditorium.

With Mrs. Grant showing the colored movies and Mr. Grant doing the narration, the couple carried the audience across the various parts of America to the marvels of bird and big game life. Nearings technical perfection, the rest of the slide film were presented with surprising eager narration.

Among the longer and more detailed portions of the film were the hunting and herding of the grouse and the remarkable herds of bison, both of which were accompanied by witty narration.

After seeing the movie on

the screen, the audience

was asked to "Lebanon,"

where each publication will have

its own office. Maybe some day.

The rights and privileges of the male were shattered recently in the Den lounge. Imagine the surprise of our "gentlemen" inside, upon finding that the tile floor among the piles of coke bottles, when three females actually walked into the room. One of the girls, cold leg buried in one of the ashtrays, said "Well, I'll go into the far wall." Then in the height of rudeness the women asked "Will we help them up?" We politely replied "Yes" and she nailed one of our tables together and began playing chess. At that our patience broke. We pried open the wall and gently threw them out.

If anyone suggests cleaning the place up, we'll leave school . . . I've got a buddy at Alcotraz, and he says they ain't got no ashtrays.

In a riotous state of pandemonium this week is the business manager's office over the disappearance of his wastepaper basket. He is reported to be the Chi Rho society's symbol of beauty and promulgator of righteous indignation on the campus—has been accused of the misdeed . . . YEAH! WEAH! CAN WEAR!

Last week's plea for help in the home-planning interests of the many young couples of the campus brought results. Clifford Malden's argyle-sock knitting course is considering additional class space as well as small-order traffic. Bob Hinsdale is reported to be writing a paper on "Juvenile Delinquents." Knights Gunning For Second Win

By Adam Meldinger

Wartburg's Knights of the hardwood court will be gunning for their second conference victory tonight when they travel to Des Moines, where they will tangle with the Norsemen of that college.

After dropping four straight loop battles, the Knights came out of their slump here Thursday night to trounce the William Penn Quakers 59-41.

With a 10-1 record, Wartburg will most

likely open with the same five boys who started in the last few games. The starting line-up will average six-footers and the probabilities are that the quintet will be composed of "Jumpin" Jim" Keller, Lloyd (Spitz) Spier at the guard slots, Bob Paul Oliver at center and Paul (Dutch) Sauerby at the forwards. Lester H. Adams is the coach.

Luther, paced by the veteran Arnold (Judge) Vogelahn and his automatic hoop shot, will have a height advantage, as usual, plus the advantage of playing on its own court.

Against Penn, the Knights played a pretty fair brand of ball, hitting a good percentage of their long shots. Paul Bruns played in a great floor game and "Spitz" Spier and "Dutch" Sauerby hitting regularly, the Black and Orange built up a 31-14 half-time lead.

Penn found it difficult to penetrate the Wartburg defense and usually got only one shot at the basket before relinquishing the ball. Jim Keller played a stellar game off the boards besides putting an occasional long shot.

Penn Opens With Loss
Penn opened the game with two touch shots. Spier got the ball rolling for Wartburg. The score remained close for a few minutes, but Wartburg scored 10 points before the Quakers could score again. Three quick buckets by Sauerby, a long, two-handed swisher by Gene Bowdish, and another by the "Dutchman" ended the first half.

Second half slowed up a bit, but the Knights pulled away to 20-point margins of 35-15, 41-21, 50-32 and 58-39.

Second half was high scorer for the Knights with five buckets and two free tosses for 12 points. Bert Howard led Coach Jack Oxenreider's boys from Oskaloosa with the first half.

Wrestlers Host To ISTC Squad, Go Down To Close Defeat, 19-10

By Bob Snyder

Wartburg wrestlers played host to the Iowa State Teachers college on Wednesday night, Jan. 12 "B" at the Wartburg gymnasium and went down to defeat, 19-10. The Knights showed lots of fight but succumbed to superior weight.

Wartburg won two of the matches, one by a fall and one by points, and gained the points in a draw. The Panthers won four on points, one by virtue of a fall and the draw.

Howard (Champ) Wolfgang was superb in victory. He pinned Wartburg's Jim Keller in a quick 11 seconds of the first period, one of the quickest matches ever witnessed in the gymnasium. Wolfgang had bested Solon last year. Charles Adams stuck to his speed and know-how to beat Ralph Laird and get the Knights off to a quick start.

Although Wolfgang weighed 235 to 180, Otto Ottoway pinned up a spirited fight against Harlen Roloff. Wartburg was only behind in points 4-3 before he pinned the Panthers in the third period.

All the wrestlers were in there doing their best all the way. No match was lost by more than five points.

Results were as follows:

123-pound class, CHARLIE ADAMS (Wartburg) defeated Ralph (TC) Lovell Cook, 4-0. 125-pound class, Loyd Cook (TC) defeated ERIN NUSS on points, 4-0. 136-pound class, Floyd Ogleby (TC) defeated JOE BAUMGARTNER, 4-0. 140-pound class, Fred Nelson (TC) defeated VIC ORR on points, T-2.

145-pound class, HOWARD WOLFGANG pinned Walter (TC) in 1 minute, 40 seconds of the first period. 156-pound class, Max Long (TC) defeated JIM MAX LUND (TC) on points, 6-1. 170-pound class, Loyd Kroll (TC) and Max Long (TC) tied at 9-9. 184 Heavyweight class, Harlen Roloff (TC) pinned OTTO ZWISZIGER in 21 seconds of the third period.

Wartburg Loses Lead.
After the second half got under way, the Knights lost their lead when the Panthers, but regained it when "Spitz" Spier put them back in the lead, which they kept for the next 10 minutes. Wartburg was hitting good shots but was hitting very few of them. The Panthers were ahead 47-36 on two free throws, but Paul Olson knotted the contest.
